TELEPHONE CONVERSATION BETWEEN THE PRESIDENT AND DIRECTOR McCONE
(2)

LBJ Yes.
JMc Mr. President?
LBJ Yes...
JMc We had a phone call from Mexico City that this fellow XE Alvarado that I was telling you about this morning.. signed a statement that all the statements that he made in connection with that matter had been false.. apparently there is no such truth in it at all.. He explained that he wanted to ingratiate himself to U. S. interests in order to gain admission to the U. S. to work with the security forces here. We're sending down a whole series of questions to be sure this is not misleading..this is the opinion of our station and I guess the FBI...so this looks like it probably washes out entirely...
LBJ OK, my friend. Thank you.
JMc OK
