Dear Mrs. Oswald,

Thank you for your letter of April 6th. It is with regret that we have to tell you that we have not had any word from your son Lee since his application for the 3rd term of a few months ago. We fully expected him to be here for the beginning of the trimester, April 19th, especially since he had paid the deposit.

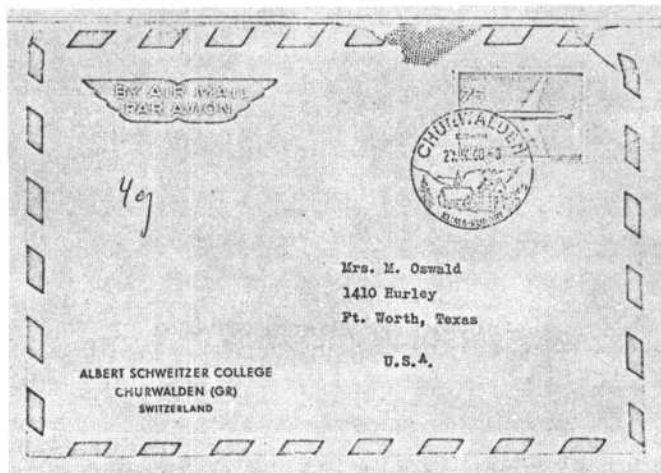

We fully share your concern and hope that you will hear from him in the very near future. If you do, we would appreciate a short note from you indicating the reasons why he did not come to ASC, unless, of course, we hear from him personally.

Sincerely yours,

ALBERT SCHWEITZER
