Dear Friend:

Thank you for your prompt reply. Enclosed are your card and receipt, along with our thanks and welcome.

Your interest in helping to form an FPCC Chapter in New Orleans is gratefully received. I shall try to give you some basic information now so that you may have a better picture of what this entails.

For one thing, I am enclosing a copy of our Constitution and By-Laws for all Chapters and Student Councils. You will note that there is considerable autonomy for an organization our size. We try and let all Chapters operate according to the local requirements. Naturally, there are minimal regulations which must be met.

(All Chapters can receive literature in bulk at a discounted rate and resell at the retail price and use the proceeds for further Chapter activities.) Credit is extended and payment is not required with the order. We do expect payment within a reasonable period so that we may continue our end of the operation.

It would be hard to conceive of a chapter with as few members as seem to exist in the New Orleans area. I have just gone through our files and find that Louisiana seems somewhat restricted for Fair Play activities. However, with what is there perhaps you could build a larger group if a few people would undertake the disciplined responsibility of concrete organizational work.

We certainly are not at all adverse to a very small Chapter but certainly would expect that there would be at least twice the amount needed to conduct a legal executive board for the Chapter. Should this be reasonable we could readily issue a charter for

a New Orleans Chapter of FPCC. In fact, we would be very, very pleased to see this take place and would like to do everything possible to assist in bringing it about. We feel that the south-east is a very difficult area to work because of our lack of contacts. Our only southeastern Chapter right now is that in Tampa, Florida which I originally organized before coming up to work in the National Office.

I for one am convinced of the possibility of such an enterprise but know from experience that it is quite a problem and requires some sacrifice on the part of those involved.

You must realize that you will come under tremendous pressures with any attempt to do FPCC work in that area and that you will not be able to operate in the manner which is conventional here in the north-east. Even most of our big city Chapters have been forced to abandon the idea of operating an office in public. The national office here in New York is the only one in the country today and the New York City Chapter uses our office too so it is the only Chapter with an office. Most Chapters have discovered that it is easier to operate semi-privately out of a home and maintain a P.O. Box for all mailings and public notices. ((A P.O. Box is a must for any Chapter in the organization to guarantee the continued contact with the national even if an individual should move or drop out.)) We do have a serious and often violent opposition and this procedure helps prevent many unnecessary incidents which frighten away prospective supporters. I definitely would not recommend an office, at least not one that will be easily identifiable to the lunatic fringe in your community. Certainly, I would not recommend that you engage in one at the very beginning but wait and see how you can operate in the community through several public experiences.

We will be able to give you some assistance from here, but not much. It is up to the local Chapters to handle their own affairs. You should have at least access

to a mimeo machine to prepare public material if you are going to operate. A good typewriter is essential and above all people that will carry out the million and one mechanical functions necessary to make it a going operation.

( Note: when you contact people by mail we recommend that only first class be used and that no full name go on the return address on the outside of the envelope.) You will notice how we work our's here on the national level. Many people will respond better with this type of protection against nutty neighbors and over curious postments. These may sound like small things to you, but I can assure you that we have gone through thi a thousand and more time the length and breadth of the country and have learned a great deal over the last three years through some bitter experience.

Naturally, I would like to communicate with you a great deal more concerning yourself so that we can get to know you and possibly be of some assistance to you as we get more information.

We hope to hear from you very soon in this regard and are looking forward to a good working relationship for the future. Please fell free to discuss this matter quite thoroughly with me.

Fraternally,
