

Dear John -

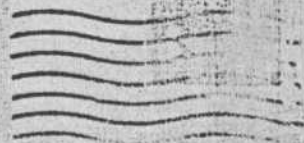

My, you seem to be getting a lot of schooling. Make the most of it. We are having spring weather, in fact, only had about a week of winter so far. We are all well. I am working hard as usual. Robert hasn't worked in sometime. I think I told you he started back to school. He cleaned the house and washed the car once a week so he earns enough for bus fare etc. He doesn't require much money so I am not pushing him to work. Soon he will be enlisting in some branch as he will be eighteen in April. I guess he will go to summer school and graduate

by fall. Red is ^{now} getting tall and I say nice looking. Of course, I have three very nice looking boys but wouldn't expect otherwise with such a good looking father. What?
Received a letter from Maggie. She seems excited about the baby but it won't be long now. It will be the nice time of year when it will be born. I hope your little one arrives but there's no telling. The baby will be here before you know it. I found your old bank book with a dollar left in it. I will try to deposit a dollar every week for you. Why not try to do the same and by the time you do come home you will have a nice little sum.
Write often
Love Mother
