

It is too bad as I am not
getting any younger and
in two more years Beshub
would have been paid out
and then I would either
have a house rent free or
else monthly income.

Hope you are sure of what
you are doing. Study hard
and keep good company
It is very easy to drink etc

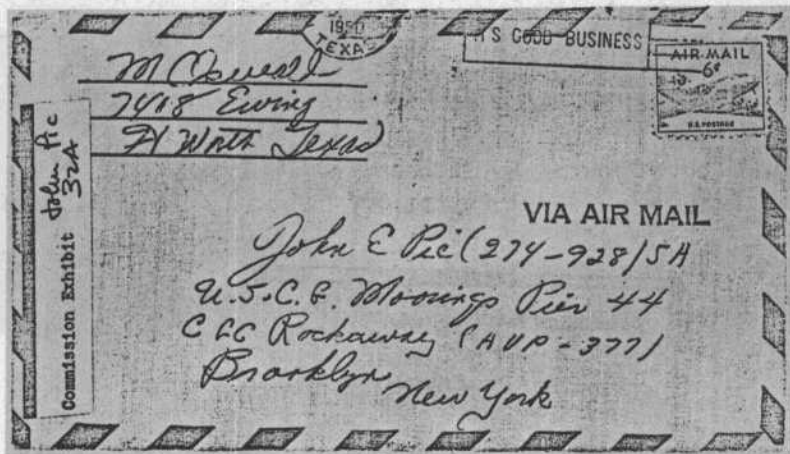

Love
Mother

P.S. I am used to such and
will manage somehow. Will
probably sell Beshub and pay
off the car.

Dear John -

Well, I had the bond
in Bankbook reg for sale.
Peter Powell real estate office
is handling it. The problem is
to find someone with enough
cash as the loan company would
make a new loan and I have
about 2,600 in it.

Nothing about lead news. Up
to date I am still not
working. Robert had to have
a physical, in order to be put
on regular at the A.P. for the
summer and he had a
cyst on his left ball about
the size of a baseball and
will be operated on this coming
Friday so he won't be able to
work for about a month. He
said he had it about five
years but it never bothered
him so he didn't say anything

about it. Can't understand why
Dr. Brown didn't mention it
when he operated on him. The
A.P. company doctor is going
to do the operating and my
hospitalization will almost
cover all expenses. When it
rains it pours and right
now it is really pouring.

Love
Mother
