Dear John -
Am doing nicely
in the Insurance business
so far. By the way, I
received your policy quite
some time ago but forgot to mention
it. Today is like a fall day
and last night we slept under
blanket. Sure hope you get
your leave. This time be sure
and come home. If you don't
have enough money I can let
a payment on the house go
if necessary. Robert is still with
the A.P. They like him and
are teaching him the business.
I think if he sticks with them
he will have a chance of

becoming odd. He is making \$10.00
a week so I think it would
be wise to finish his schooling
at night. Am teaching him
to drive but have no idea
of letting him have the car
for another year yet. I'd
ear sure never give. We
were lucky to get a good
one.
