Dear John -

Was surely glad to get your letter today. How, waiting school to write you tonight. Boy, you must be in a bad way not getting good grades because you are like forest I don't think losing a few pounds will hurt. What's Margie the same time I wrote you but haven't heard from her as yet. Sure hope she is alright. I'd want to be long now and I know you are both opinion. Want a girl or boy? Two long years now that you have been away from home. By the way, I hope you will be coming home soon either for a visit or better yet to stay. You always have a home

with me and don't forget it. We are all well. John is doing good work in school. If he goes to summer school he will graduate this year. Might be a good thing because it won't be long before he will have to go in the service. Maybe, by that time you will decide what is best for you and Margie. In spring, in fact we only had a very little cold weather. Did you receive my cards? you didn't mention so in your letter. Be good and make the most of your opportunities.
