

Dear John - John Pic
46B
 I'd really glad to hear
 from you but it doesn't
 seem right that you are
 too busy to write more
 often. I know you had
 your own problems but
 I hope for better. Oh!
 Well, I know you are
 anxiously waiting for
 the baby to arrive and
 it won't be so long now.
 Doesn't seem like nine
 months have gone by.
 The first one usually
 takes about twelve hours
 so get enough cigarettes.
 Sign being from Margie
 I'd really like to visit
 you from time to time
 that I am sure doesn't
 intend to give. Be good
 and pray for a good
 healthy baby
 Much love
 Mother

Dear John -

Received a letter from Margie
the same day I received your letter.
My heart such longing on each other. It
is nice to know you both are getting
along. Margie wrote she was a terrible
cack but since you say she is
good that is all that matters.
I know you will be glad when your
time is up and back to N.Y. you
go. I am just so anxious about
the baby as you both are. Can
hardly wait. I hope it is a girl
but like most men you probably
want a boy. After all, the main
thing is good health whether boy or girl.
Robert was quite honored to be chosen
Edad's father. He had a little
return coming from his income tax
so he might still be able to make
the trip as for myself it is too early
to tell. I started on a new job a
few weeks ago and don't know if

I can get time off. Will let you
know. I sure hope you get to
make your trip to Texas.
