Dear John - Commission Exhibit No. 8 ^{John P. O.} ~~8~~

Think you will like
a sea voyage. You are certainly
getting to go places. Thought
they gave leave after both
travels. Will try and send
a picture of all three of us.
Your last picture you sent
was very good. Ben said
you sure looked healthy and
good looking. My? My!

The Perry came by and was
disappointed you weren't coming
home. A lot of the old crowd
has either left or been transferred
It is getting hot now but is
real cold in the store and when
I go outside the change about
knocks me for a loop.

Be good

There won't be any expense.
It is being hosted at picnics
parties etc. McDonald ^{restaurants}
is the name and what they
do is cook food for commercial
use. I will drive a station
wagon and deliver the food
also. Guess you will be ~~fast~~
pulling out soon for your trip
I haven't sold the house or yet
but have a good prospect.
The Ragons sure hate to
move. Said they wouldn't
look for another place as
I may change my mind
but I am going to sell out
part off the car and other
debts and will probably have
enough to put down on a small

Friday

Dear John -

Well, Robert was
operated on at 10:30 this
morning and the doctor
assured me he will be
alright. The medical term
is hydrocele so you can
look it up and understand
just what he had. Last
thing a P required a
medical or I would have
never known and maybe
it would have been worse
or time went on. He is
all alright and hope you too
in good health also.
