UNITED STATES DEPARTMENT OF JUSTICE

FEDERAL BUREAU OF INVESTIGATION

Dallas, Texas

July 20, 1964

LEE HARVEY OSWALD

Previous investigation has been conducted concerning an allegation that Lee Harvey Oswald had a scope mounted on a rifle at the Irving Sports Shop, 221 East Irving Boulevard, Irving, Texas, in early November, 1963. In connection with such investigation, a Mrs. Edith Whitworth has claimed she directed the Oswald family to the Irving Sports Shop in early November, 1963.

By letter dated June 30, 1964, the President's Commission requested that a check be made of the public records of births for the area which encompasses both Dallas and Irving, Texas, to ascertain the names and addresses of female babies born on October 20, 1963. It was requested that parents of these babies be interviewed to determine whether any of these families have an older female child approximately two and one-half years old and whether any of these families were in Mrs. Whitworth's furniture store in early November, 1963, and under what circumstances.

It should be noted that in connection with the requested investigation no contact was made with parents of female babies born on October 20, 1963, where it was established this was their only child. Furthermore, where difficulty was encountered in locating parents who had moved from the addresses they had on October 20, 1963, such individuals were not located and interviewed where investigation to locate them had established they did not have a car fitting the description of a blue and cream or blue and white 1957 or 1958 Ford, and where the physical descriptions of the mother and father of such female babies did not in any way fit the descriptions of Lee Harvey Oswald and his wife, Marina Oswald.

On July 8, 1964, Mrs. Earline Prator, Deputy in the Dallas County Clerk's Office, Bureau of Vital Statistics, Dallas County Records Building, Dallas, Texas, advised that all births occurring in Dallas County excluding the city of Dallas are registered at the Dallas County Clerk's Office, Bureau of Vital Statistics. She stated these records of births cover the area which encompasses Irving and all other towns in Dallas County with the exception of the city of Dallas itself. Mrs. Prator advised records of births occurring in the city of Dallas are maintained by the Bureau of Vital Statistics, Dallas City Health Department, 1936 Amelia, Dallas, Texas.

Mrs. Prator made available the Birth Index Book which covers the period of May, 1963, through December, 1963, and lists all legitimate white babies born in Dallas County excluding the city of Dallas which were reported during this period. She pointed out that there is sometimes a delay by doctors and hospitals in registering births, but the delay usually never exceeds several weeks. She stated the above Birth Index Book would reflect the names of all legitimate babies born in Dallas County excluding the city of Dallas on October 20, 1963. She stated the birth certificate itself has been placed on Recordak film reels and would be available for review.

According to Mrs. Prator, illegitimate babies born in Dallas County are not entered in the Birth Index Book. These births are filed under the mother's name, which name would be needed prior to any search of the records and Texas State Law requires a court order in each instance to get information regarding illegitimate births in the state of Texas.
